Bidding

Silent Auction: Bids must be made in at least \$10 increments.

CCC: 35 Years and Still Growing

A message from Pat Nelson, CCC Executive Director

This year Concord Children's Center is celebrating its first 35 years and looking forward to the next 35!

Since opening in 1975 with five staff and 16 children, CCC has grown to serve over 200 children annually with 36 teachers and seven program directors and administrators. From our first two classrooms located in the Harvey Wheeler Building, we have become 14 classrooms located throughout Concord.

During our first 35 years we ...

- became the first local program to be accredited by the National Association for the Education of Young Children (NAEYC);
- became a leader in providing affordable care for all children through our sponsorship of the Community Partnership for Children and our role as a founding member of the Concord Area Preschool Association;
- developed a tenured staff of professional early childhood educators who provide full-time, year-round care and early education;
- secured land through the town of Concord and raised the funds to build a state-of-the-art child care center in West Concord; and

CCC 35th Anniversary Gala & Auction

- secured long-term leases from the town to provide a stable site for our Ripley program.

As we look forward to our next 35 years, we celebrate our continued growth and eagerly anticipate...

- continuing to provide excellent programs while maintaining a robust tuition assistance capacity;
- developing our infants through school-age program at Ripley;
- leading the development of an accessible, nature-based playground for the Concord community at Ripley; and
- continuing to maintain and develop our facilities at all three sites.

We invite all of our current and alumni families and our friends and neighbors to be part of our future through the donation of time, talent, energy, ideas and resources. If you would like to play a role in our next 35 years, please contact us at 978-369-3747 or executive@concordchildrenscenter.org.
